
Embryologist HQ CP Cattle Reproduction(Job Id 4389)

Location: California

Post Date: 06/27/2017

Category: Research & Development

Description

The J.R. Simplot Company is a diverse, privately held organization, with roots firmly planted in agriculture and agriculture-related businesses. These endeavors have been around for centuries and will continue to be a vital part of the global economy. We currently have a position available at our BUSINESS facility in Simplot Cattle Reproduction - Fresno, CA.

SUMMARY

The embryologist will work at the bovine IVF laboratory. They will perform in-vitro maturation, fertilization, and culture of in-vitro produced embryos. They will coordinate with the Senior Embryologist, embryologist, and other lab personnel.

RESPONSIBILITIES

Detailed responsibilities:

- * Collect and aspirate ovaries, and perform maturation, fertilization, and culture of IVF embryos.
- * Coordinate with Senior Embryologist and other lab personnel to complete daily activities or projects.
- * Responsible for maintaining accurate records of media preparations, purchase reagents, and recording accurate results.

REQUIREMENTS

- Education:

- * Bachelor's Degree from 4 year college or university

- Other information:

- Two or more years clinical experience in an IVF laboratory. Preference will be given to individuals fully trained in IVF lab procedures. Ability to work alone and without supervision is required. Must have good communication skills. Disclaimer - These statements are intended to describe the general nature and level of work being performed by people assigned to this classification. They are not intended to be construed as an exhaustive list of all responsibilities, duties and skills required of personnel so classified.

- Combination of education, training and/or experience will be considered for this position.
