

JOB OFFERING: WEST COAST CATTLE OPERATIONS MANAGER

Join a family Calf Ranch-to-Finish feeding operation with an all natural Beef program to help expand their herd up to 25,000 head.

Responsibilities include:

- Management of feeding
- Requisition and over-seeing of all feed orders and inventories
- Transportation and logistics planning for all shipping needs
- Maintaining readiness of all equipment
- Develop and maintain origins/growth/weekly health logs and reporting systems
- Frequent West Coast travel required

Requirements:

- Must know all phases of cattle development
- Strengths in nutrition
- Degree in Agriculture-Animal Science
- Experience and knowledge with USDA, HACCP requirements, BQA
- Experience with applicable computer applications preferred
- 5 years experience with 1000+ head annually

- Compensation based on qualifications and successful background check—starting at \$80,000/year
- Send detailed resumes with references to:
