We are experts in scheduling, resolving class conflicts, and are full of good advice. If you find yourself having trouble figuring out your schedule, are not sure what classes to take, or need general advice, come on in and meet with a Peer Adviser.

The Animal Science Advising Center is open M-F 9am-12pm and 1-4pm in 1202 Meyer Hall. You can also email us at asac@ucdavis.edu or call 530-754-7915.

For more information about Animal Science Advising, be sure to visit our website at asac.ucdavis.edu, and like our Facebook page: UCD Animal Science Advising Center!

In this week’s Newsletter:
A. Announcements | Upcoming Events
B. Internships | Jobs
C. Scholarships | Fellowships

A. Announcements / Upcoming Events

1. Looking for Textbooks for Spring 2016?
   - The Advising Center’s growing library of textbooks has various textbooks available for courses offered in Spring 2016! We currently have textbooks available for ANS 2, CHE2, BIS 101, ANS 100, and ANS 170!
   - You may begin checking out textbooks for Spring as early as 2 weeks prior to the start of Spring Quarter.
   - Additionally, we are always accepting donations to expand our library! If you’d like to drop off your used textbooks, you can bring them by anytime to our office in 1202 Meyer Hall. All donors receive free ANS department swag!

2. Careers with Water Panel
   - There will be a Careers with Water Panel held this upcoming Wednesday, March 2nd from 6:00-7:30pm in 119 Wellman Hall.
   - A panel of professionals representing different industries will speak about the key issues, trends, and career opportunities in various fields, including environmental policy and protect, sustainability, and water conservation, management and resources.
   - For more information, please see attached flyer.

3. Make your CASE in April 2016!
   - The American Association for the Advancement of Science (AAAS) is hosting a program in Washington, D.C. entitled “Catalyzing Advocacy in Science and Engineering,” or CASE.
UC Davis will be sponsoring two students to participate in the workshop! In order to be eligible, students must have at least a limited experience in science policy and advocacy, demonstrate strong communication and leadership skills, and be enrolled full-time as an upper-classmen.

This program is open to students in a variety of study fields, ranging from biology to agricultural, earth, or environmental sciences.

To be considered for the sponsorship, please send a brief statement of your interest and background (no more than 250 words) to Brandon Minto at bjminto@ucdavis.edu, by March 11th.

For more information on the program, please visit http://www.aaas.org/program/catalyzing-advocacy-science-and-engineering.

4. TEACH.org Film Screening

- TEACH.org is a non-profit that seeks to recruit passionate teachers into the education profession. Through this program, students receive resources on scholarships, mentorships, teaching credential/Masters programs, and job opportunities!
- TEACH.org will be having a film screening of the film, “TEACH,” on Tuesday, March 1st from 5:00-7:00 pm in School of Education Building room 174.
- In addition to the film, there will also be dinner provided and a discussion panel comprised of representatives from Teach for America, Aspire Teacher Residency, Breakthrough Collaborative, and others.
- To RSVP for the film screening, please visit: https://docs.google.com/a/ucdavis.edu/forms/d/1HKwl2xFRnPnQdHGFzcdGHa60Ks0AfAz-qJOvLWhyGA/viewform

B. Internships / Jobs

1. Undergraduate Research Interns Needed for Literature Review

- Dr. Ji is looking for two junior or senior undergraduates who would be interested in assisting with literature searching and writing a summary report.
- Topics for research will focus on nutrition and management in dairy cattle, so students with a dairy background, or an interest in learning more about dairy cows, are preferred. Having taken a previous course of ruminant nutrition will help you in this internship.
- Interns will be trained to perform literature search using primary databases (e.g. PubMed, Google Scholar etc.) on topics assigned. They will be expected to read and write brief summary report (1-2 pages) with tables and figures.
- If you are interested, please contact Dr. Ji at penji@ucdavis.edu.

2. Paid Summer Positions at Galileo Summer Camps!

- Galileo is a summer camp company that focuses on project-based learning in a classroom setting in fields such as science, art, technology, and engineering. They are looking to hire UC Davis students for paid positions this summer!
- Camps run 6-10 weeks during the months of June-August. All employees receive comprehensive training and professional development.
- To apply, visit www.galileo-camps.com/jobs. A flyer has been attached with more information.
3. Volunteer Opportunity with the California Department of Fish and Wildlife

- The Mourning Dove Banding Program is a long term, nation-wide, banding study aimed to evaluate California’s mourning dove population. The project is staffed almost completely by trained and dedicated volunteers.
- The purpose is to estimate modern band reporting and harvest rates and is only part of a larger study designed to produce comprehensive nation-wide estimates of harvest and survival rates of mourning doves on a national level.
- For volunteers, it is a great opportunity to get hands-on experience with wildlife. The banding study is held July 1-August 20 each year
- For more information, please visit: [http://www.dfg.ca.gov/wildlife/hunting/uplandgame/mourningdove/](http://www.dfg.ca.gov/wildlife/hunting/uplandgame/mourningdove/).

4. Nevada Conservation Corps

- Nevada Conservation Corps (NCC) is Nevada’s leading non-profit in advancing volunteerism in the environmental sector. They are currently seeking members for conservation internship and their restoration crew program.
- Volunteers spend the season working outside as an AmeriCorps service member, and work on projects ranging from invasive species treatment and removal to habitat restoration and resource management.
- Members benefit from a living allowance, education award, field experience, and professional development!
- For more information and to apply, please visit [https://www.thegreatbasininstitute.org/jobs/](https://www.thegreatbasininstitute.org/jobs/).

C. Scholarships / Fellowships

1. California Cattlewomen’s Scholarship

- We are now accepting applications for the California Cattlewomen’s Scholarship!
- Both men and women can apply for this scholarship. Applicants must have junior, senior, or graduate level standing, and be full time students taking at least 12 units. Applicants must also be in an agricultural course of study, with a minimum GPA of 3.0.
- **The deadline for all applications is April 1st!!**
- For a more comprehensive list of scholarship criteria, and for an application, please see the attached documents.
- If you have any questions about applying, please contact Emma Martinez at eadmartinez@ucdavis.edu, or by phone at 530-752-6118.

2. CHS Scholars Program

- This year, CHS will fund more than 200 scholarships to students enrolled in an agricultural-related program at partnering two- and four-year colleges and universities throughout the United States. Scholarship awards range from $1,000 to $2,000.
- For more information on this scholarship program, please visit: [http://www.chsinc.com/stewardship/scholarships](http://www.chsinc.com/stewardship/scholarships)

“**No one can make you feel inferior without your consent.”**

– Eleanor Roosevelt

Let’s keep working hard as this quarter starts to wind down so we can finish off strong!
