

HOW TO TURN ON THE SYSTEM

1. On the **Screen Control**, press the **DOWN** switch.
2. On the **Projector Control**, press the **ON/OFF** button. It may take up to one minute for the lamp to light up.
3. On the **Projector Control**:
 - a. Press the **PC** button for built-in computer. Turn on the computer.
 - b. Press the **PC** button for your laptop. Turn on your laptop and use the proper function key to send video to projector. **When your laptop is connected, the system automatically switches to your laptop. When you disconnect your laptop, the system automatically switches back to the desktop.**
 - c. Press the **VCR/DVD** button for VCR/DVD player. Turn on the VCR/DVD player and play the tape or DVD.
 - d. Press the **DOC CAM** button for Document Camera. Turn on the document camera.
4. Log on using the special user name and password.

HOW TO TURN OFF THE SYSTEM

1. On the **Projector Control**, press the **ON/OFF** button. The button blinks and a confirmation message is displayed.
2. Before the message disappears, press the **ON/OFF** button again to turn off the projector.
3. On the **Screen Control**, press the **UP** switch.
