Department News & Updates!

NEWS & EVENTS

- Graduate assistant Alhna Tester and Sigfried Meier (extension specialist) answered questions from the public at the radio show "The Farm Advisor," the CalFresh Program's radio program that focuses on food safety and nutrition.

OUTREACH & TRAVEL

- Dr. Van Eenennaam had the honor of presenting the 2018 Riley Valentine Memorial Lecture, "Does Agriculture have a Parallel Science Problem?" at the American Association for the Advancement of Science (AAAS) in Washington, DC.

NEWS & EVENTS

- Graduate student Maci Mueller and Dr. Van Eenennaam co-authored an article titled "Use of gene editing to introduce the polled trait into elite germplasm" in Progressive Dairyman.

- The department held the annual Spring Awards Barbecue where outstanding students were recognized with awards and scholarships. Thank you to all who participated and put on the event. Special thanks to the Advising Center Team, Chris Akins, Dan Sehnert, Farm Crew, and the Draft Horse and Driving Club for providing rides to Putah Creek Lodge!

- Maria Patino, Assistant Herds Manager at the Dairy, has been doing a great job updating the facility’s social media pages, most recently sharing some fun facts in honor of National Dairy Month. Facebook: https://m.facebook.com/UC-Davis-Dairy-351151828430/ Instagram: @ucddairy

RESEARCH

- Matthias Hess co-authored "Recovery of genomes from metagenomes via a dereplication, aggregation and scoring strategy" in Nature Microbiology. (https://www.nature.com/articles/s41564-018-0171-1)

- Amy McLean co-authored "Genetic parameter and breeding value estimation of donkeys' problem-focused coping styles" in Behavioral Processes. (https://doi.org/10.1016/j.beproc.2018.05.008)
