Aggie Video

Written by Abbas Ahmadi May 22, 2016 (abahmadi@ucdavis.edu)

Aggie Video is a cloud based video management system that stores, hosts and distributes all facultygenerated and lecture-capture content. You can upload your video to the Aggie Video server and then place a link to the uploaded video on a webpage in your WorldPress faculty website or in your SmartSuite course website.

The Aggie Video is powered by Kaltura's Cross Campus Education Suite and MediaSpace.
